An Appetite to Get Business Bound

We are a contracted wholesale general agent that has the underwriting experience and authority to bind your business with a quality Surplus Lines insurer. We have access to a market with a broad underwriting appetite giving us the ability to provide the coverage your clients need.

Coverage for Your Client Even When They're Not in the Driver's Seat – We've Got You Covered!

Not everything in the trucking business happens on the road! Truckers need general liability coverage, just like any other business. Consider the exposures faced when a customer accidentally slips and falls on premises or the use of fuel tanks and pumps at their premises resulting in serious injury. In addition, there are the contractual liability exposures faced with utilizing the services of a trucker without proper insurance, improper vetting of a driver or using a driver without the proper licenses in place. Your client may not be driving on the road but still facing the same exposures.

Your client needs coverage that will protect against injuries caused as a direct result of activities associated with operating their trucking business.

We have the ability to place comprehensive general liability coverage for all types of trucking businesses including private, for-hire, long haul, local operations and even intermodal/trailer interchange motor carrier operators.

Consider the Benefit of These Product Highlights:

- Commercial general liability
- Bodily injury and property damage
- Personal and advertising injury
- Independent sub contractors options
- Broad contractual liability
- Additional insureds
