LIC # OE81019

Sierra Specialty can handle large and complex catastrophe risks across a broad range of asset classes. We offer the following best-in-class features:

- Difference in Conditions (DIC) insurance, including earthquake, EQSL, and flood coverage
- Earth movement available on an individual account basis with referral approval
- Coverage for flood available outside of 100-year flood zones and in conjunction with an earthquake policy
- DIC/earthquake and flood on course of construction available (36- month max term)
- \$62,500,000 in total primary capacity (higher capacity is available with referral approval)
- \$50,000,000 in excess capacity
- Coverage available in all states except North Dakota
- Minimum premium: \$2500 in A and B zones, \$2000 all other
- Minimum deductible earthquake: 5% in A, B and E zones, 2% all other
- Earthquake deductible buy-down coverage available
- Minimum deductible flood: \$25,000 (outside 100-year flood zones)
- No maximum TIV restrictions
- All parking types and construction classes are acceptable (certain restrictions apply)
- Acceptable classes of business include, but are not limited to, homeowners associations, apartments, high-value dwellings, real estate, office buildings, hotels, retail, restaurants, and light manufacturing
- Ineligible risks include petrochemical risks; refineries including petroleum recyclers of any kind; stadiums or amusement arcade risks including attractions and/or rides; electric utilities; risks over water or on stilts; pilings, piers, wharfs or docks; and historical buildings
